NORMAL TEAM WON

FROM ROCKPORT HIGH SCHOOL TEAM SATURDAY NIGHT.

THE TRIP TO ROCKPORT

Over "The Peanut Roaster" Was Quite a Novelty to the Boys—What They Think of It.

Some of you citizens who grouch about local railway accommodations should make the trip that the Normal basket ball squad made Saturday in order to reach Rockport, where they met the Rockport high school team Saturday night. Unless the reader has ridden on the "slow train through Arkansas" or on the "peanut roaster," as the train is called which "runs" between Langdon and Rockport, he cannot appreciate the novelty and amusement the trip afforded which the boys took. "The peanut roaster" which conveyed the basket ball warriors from Langdon to Rockport is composed of a combined passenger coach and express car and a number of "side door" Pullman's," which are drawn by a little wheezy engine, whose feeble puff, puffs resemble the sound of the whistle on a peanut roaster, hence the name. Directly over the door at one end of the passenger coach was a notice, a work of art by the conductor no doubt, which reads: "if your wife or mother allows you to spit on the floor at home, you may do so here." However, at the other end of the spacious apartment was a sign in the same artistic hand writing: "Ten dollars fine for spitting on the floor."

The journey to the scene of the conflict was without incident, however, until the train was within about two miles of its destination. At that juncture the coupling between the engine and the rest of the train broke and the passengers were left out in the wilderness with the temperature at 10 degrees below zero. The engineer, who, by the way, is an ardent admirer of the late Casey Jones, drove his engine on its way rejoicing, unaware of his loss. Had not a hunter flagged the engine at the next cross-roads to beg the loan of some "terbaccer," the engineer wouldn't have discovered his loss until the engine reached the station. Realizing that he had lost his passengers and that he might lose his job, the engineer chugged his engine back to the scene of the accident. Matters were soon repaired, and in due time the boys reached Rockport.

The game which took place on the skating rink floor was a battle royal. The first half was a romp-away for the teachers, that period ending 20 to 9. But in the second half the Rockport boys played a much faster game, and came near tieing the score. The final result was 33 to 25 in the Normals' favor. On the offensive, Vandersloot was the star performer. He chipped in seven field goals. Both Taylor and V. Seymour starred on the defensive. The Normals would have won by a much larger score had they not been handicapped by the illness of H. Seymour. He played the entire game, but was in very poor physical condition.

The squad returned Sunday night on the Wabash. Those who made the trip were Coach V. I. Moore, K. Taylor, F. Vandersloot, V. and H. Seymour and L. Perrin.

Returned From Jefferson City.

Lieutenant Paul Sisson, Captain Cook, Lieutenant Ezra Phipps and Lieutenant Bert Charles returned Sunday night from Jefferson City, where they attended the governor's ball and reception in honor of the military men of the state.

MRS. J. SHANKS SHOT

TWO LITTLE BOYS PLAYED WITH SHOTGUN THAT WAS LOADED.

HER LEG WAS AMPUTATED

Dr. Hunterson of Ravenwood, Assisted by Dr. Vilas Martin, Removed Leg Three Inches Below the Knee.

Mrs. John Shank, wife of a well known farmer living eight miles east and two miles north of Maryville, received the contents of a loaded shell from a shotgun in one of her legs Saturday afternoon about 3 o'clock, while her two little boys were playing with the shotgun.

Dr. Hunterson of Ravenwood was summoned, and he called Dr. Vilas Martin of Maryville to his assistance. It was found necessary to amputate her leg about three inches below the knee. Mrs. Shank has recovered from the shock nicely, and her physicians believe she will get along all right.

Mr. Shank had been out hunting rabbits on Saturday, and on returning had set the gun into the house, and it was placed in one corner of the kitchen. Mrs. Shank was busy with her household duties and did not know that the gun was loaded. Her two youngest little boys took the gun and were playing hunting rabbits when the gun was discharged with the result given. Mr. and Mrs. Shank have a family of seven young children, the oldest 14 years of age, and the youngest 1 year old. It was indeed a sad accident, but the family and their friends are thankful it did not result in the death of the mother.

WILL PROBABLY BE A CANDIDATE

It is probable that Nodaway county will have a candidate for the Democratic nomination for state senator from this district. For several months many friends of Hon. Anderson Craig, representative from this county, have urged him to make the race for senator. Mr. Craig has had the matter under advisement without coming to a definite conclusion, but it is probable that he will finally consent to become a candidate. He served in the last legislature with distinction and was rated as one of the most valuable members, notwithstanding the fact that that it was his first term. Mr. Craig is well situated to make the race and to assume the duties of a state senator. He has the ability, the education and the judgment needed to properly equip him. He has the interests of the general public at heart and, being a large farmer, with no other active interests to demand his attention, he has the time and can afford to make the race and give the proper attention to the office which in itself is not profitable. It is not yet known whether there will be other candidates for the nomination. Several have been mentioned, but up to this date there have been no announcements. If Mr. Craig decides to get into the race, it goes without saying that he will be a strong and formidable candidate.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Maryville People Know How to Save It.

Many Maryville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers.

The following statement leaves no ground for doubt:

Mrs. W. M. Newman, Chestnut street, Savannah, Mo., says: "Doan's Kidney Pills have been of more benefit to me than any other kidney remedy I have ever used, and in view of this fact, I willingly recommend them. I was caused much suffering from pains in my shoulders, and mornings, on arising, I felt tired and languid. I was also bothered by difficulty with the kidney secretions. Hearing Doan's Kidney Pills highly spoken of, I got a box, and soon after beginning their use I was relieved. Another member of my family has also taken this remedy with satisfactory results."

A Plain Talk About Our Annual Clearance Sale

Twice each year we hold Clearance Sales. *Only* at these times do we offer wide-spread reductions vitally concerning every portion of this store. Clearance Sales hold an important place in our business---they are held for the purpose of reducing stocks, cleaning up odd merchandise and generally getting in shape for the coming season's business and, therefore, we feature them strongly, principally by means of *greatly reduced prices.*

This Clearance Sale is no exception. Prices are, as a general rule, as low, *and in many cases lower,* than at any other Clearance Sale. This is accounted for by the fact that we have allotted ourselves only *seven days* in which to reduce stock. Seven days is a very short time and we realize that we must put prices to a new level in order to get results quickly.

Immediately after the Clearance Sale comes inventory. Every piece of goods must be measured and every article counted. The more we can sell now the less we shall have to count and the better is our showing for the year. This Clearance Sale is our *outlet;* we make the best possible use of it. *Every* section of this store offers its host of bargains. Stock *must* be low.

The Clearance Sale *continues* all of this week. It is *by all odds* the most important sale of the year. Every need can be supplied with serviceable merchandise at a *fraction* of its real value. The buying power of a dollar is increased by *a third, a fourth* and in many cases by *a half.* Buy everything you need now—*this week.*

U. S. DESTROYER TERRY IN TROUBLE

Severe Storms Along Atlantic Coast Cripple Shipping.

TWO SEAMEN SWEPT OVERBOARD

War Vessels Rush to Rescue of Crippled Steamer—Schooner and Crew, Helpless Since Friday, Towed Into Port.

New York, Jan. 8.—Wireless messages indistinctly received here reported the United States torpedo boat destroyer Terry in trouble. The vessel's position was given as a little northeast of Cape Hatteras. The vessel was in communication with the steamer Tagus and the battleship South Carolina. No other details were received here.

Further wireless advices from vessels in communication with the Terry were to the effect that the destroyer's turbine engines and pumps were out of commission, that all her stores were ruined and her wireless apparatus not working.

Washington, Jan. 8.—When the navy department learned that the torpedo boat destroyer Terry was in distress, the powerful wireless station here flashed out orders for all United States war vessels to steam at once to the little craft's assistance. Special instructions were given to the commander of the transport Prairie at Norfolk, Va., to sail at once in the search and a wireless message was sent intercepting the crippled scout cruiser Salem, which was turned back in the quest.

The Terry carries a crew of three officers and 83 men.

Several vessels of the Atlantic fleet, en route from Norfolk to Guantanamo, suffered severely in the Northwest gale which raged off the Middle Atlantic coast. The Salem was badly damaged and was returning under convoy, to the Norfolk navy yard for repairs.

Taylor Bagwell, ordinary seaman, and Herman Goldstein, seaman, were swept overboard and drowned.

Baltimore, Md., Jan. 8.—After having lighted their last signal torch and given themselves up for lost, Capt. C. W. Harrison, and his crew of three men were rescued by a passing schooner off Hooper's island from the disabled schooner Eloise, from Newburg, N. C., for Baltimore. The four men had fought the storm since Friday night without food and at the mercy of the high running seas. They were put ashore at Hooper's island.

The wrecked schooner was picked up by the revenue cutter Apache and towed into Hooper's island inlet and the story of the suffering and rescue came to Baltimore by wireless telegraph from the operator on the Apache.

LAST OF ROCHEPORT TOLL ROAD

New State Highway Causes Abandonment of Turnpike Used Since 1867.

Columbia, Mo., Jan. 8.—The building of the cross-state highway means the end of one of the few remaining toll roads in Missouri. In Boone county the route of the highway is over the Rocheport Gravel, a road of 12 miles, on which toll has been collected since 1867. If the directors of this road cannot sell it to the county it will have to be abandoned for no toll can be collected on the state highway and the commissioners of the state road will build adjoining it.

The directors of the road have offered it to the county for $5,775, a valuation, they say, of 50 cents on the dollar. The road was bought from the county 34 years ago for $11,556. The county had previously spent more than $3,000 a mile in building it.

When this toll road is abandoned there will still be two thoroughfares in the county where toll is collected for their upkeep. The only other roads of a similar kind are in the southeastern part of the state.

LOAN SHARK TO WORK OUT FINE

Wisconsin Judge Refuses Cash Payment and Millionaire Must Pay in Labor.

Milwaukee, Jan. 8.—Lawrence Murphy, millionaire loan broker, drank coffee from a tin cup and partook of coarse food with 100 other prisoners in the municipal workhouse instead of at his residence in fashionable Edgewood Place.

Murphy will continue to work for 90 days as a result of his sentence for usury. The alternative of paying a fine was not granted by the judge who said in sentencing Murphy:

"The jury has found that on a $63.50 loan you charged $175 interest and in addition you held ten $15 notes, equal to $150, and a chattel mortgage on the household furniture of Michael G. Litscher for $180, making a sum total of $406. A prison sentence will stop this kind of business."

The millionaire "loan shark" was hurried into a patrol wagon with a number of vagrants and taken to prison to commence his term. The victim was a locomotive engineer.

HOTEL FIRE AT EXCELSIOR

BLAZE DESTROYS SNAPP'S AND THREATENS OTHERS.

Guests Lost Clothing and Personal Effects, But all Escaped—Fire Hydrant Frozen.

Excelsior Springs, Mo., Jan. 8.—Snapp's hotel, the largest in Excelsior Springs, was destroyed by fire. Mrs. M. W. Anthony of Kansas City, a guest, fell from the fourth floor when she attempted to descend on a rope. Her right arm and right leg were broken, but she is expected to recover. Her fall was broken by electric light wires. Mrs. Anthony's young daughter descended to safety just before her mother fell. Her hands were burned by the rope and she suffered from nervous shock.

There were about 45 guests in the house and all have been accounted for. Most of the guests lost their personal effects and some did not even take time to dress, escaping in their night clothes. The fire started from the big fireplace in the lobby at 2:40 o'clock. Clyde Gustine, night clerk, smelled smoke and turned in the alarm, then aroused the guests.

The fire burned under the tile floor until it reached the elevator shaft, when it quickly spread to the upper floors. The firemen quickly laid a line of hose into the hotel, but the hydrant was frozen and they were helpless. When the fire got beyond control an appeal for aid was sent to Kansas City, but this was countermanded.

Hard work was necessary to save the Royal hotel, across the street. The window sash were on fire time and again, but men were stationed in every room and quickly put out the fire. A small frame house not more than ten feet from the Snapp escaped the flames.

The loss is estimated at $100,000, with about $75,000 insurance. The Snapp was opened four years ago last June. It was four stories in front and five in the rear, and contained 82 guest rooms. Mr. and Mrs. J. W. Snapp owned the building and the Dilley Hotel company owned the furniture and lease.

JURY TRIALS FOR JOINTISTS

Assistant Attorney General Johnstone Will Try to Get Convictions at Leavenworth.

Leavenworth, Kan., Jan. 8.—Jerry Johnstone, assistant attorney general for Leavenworth, is going to try to get convictions in some of his liquor cases by jury trial at the January term of the district court. Few cases that have been tried by jury here in the last few years have resulted in convictions.

"They say you can't get a conviction in a liquor case by jury trial," Johnstone said. "That's what they said in Crawford and Cherokee counties, but we did it."

In the case of Richard L. Igel, a druggist, whose store and residence were searched in a recent raid, Judge Wendorff sustained Johnstone's actions in searching Igel's residence and ordered that the whisky seized be destroyed.

Judge Wendroff said that he believed the liquor had been kept by Igel for illegal purposes. Johnstone argued, in this case, that druggists had no right to use intoxicating liquors in compounding prescriptions.

Maust Files Poverty Plea.

Guthrie, Ok., Jan. 8.—Charles Maust, the federal prisoner held for trial for murder as Ben Cravens, the Oklahoma outlaw, filed a poverty affidavit with Judge Cotteral and through his attorney, Al Jennings, made application to have the United States subpoena and pay his witnesses. This was ordered by Judge Cotteral.

SAGE AND SULPHUR.

Darkens the Hair, Gives Color and Luster to Faded and Gray Hair.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Mrs. Mary Martin returned to her home in Hopkins Saturday, from a visit with relatives in Parnell.

LA FOLLETTE AND BRYAN CONFERRED

Meeting Starts Busy Tongues Talking of Third Party

BRYAN HURRIED TO HIS HOTEL

Refuses to Discuss Candidates, Contests or Primaries, But Says His Name Will Not be on Nebraska Ballot.

Washington, Jan. 8.—Col. William Jennings Bryan of Nebraska and Senator Robert M. La Follette of Wisconsin had a conference at the Union station upon their arrival in the city, Mr. Bryan from the South and Mr. La Follette from the West. The meeting was said to be accidental.

No sooner was it known that the progressive leaders of the two parties had come together than tongues began to wag and third party talk flew thick and fast about the hotel corridors. It was not wholly confined to members of the Democratic national committee who were gathered in Washington, but Republicans, too, showed a lively interest.

Shortly before 6 o'clock the Nebraskan's train arrived. Many prominent Democratic leaders were at the station. After hand-shakings all around Mr. Bryan sighted Senator La Follette, or, to be exact, they seemed to sight each other at about the same time. They rushed toward each other and shook hands, and then lost no time in withdrawing a short distance from the crowd. They sat down on a bench and conversed with evident earnestness for several minutes.

When Mr. Bryan and the senator parted there was another show of good feeling. Mr. Bryan then explained tersely that Senator La Follette and he had talked about the resolution pending in congress providing for the election of senators by popular vote. Senator La Follette gave the same explanation by telephone, but in the minds of some there remained a little skepticism.

It was reported that Senator La Follette had gone to the station to meet Mr. Bryan.

After removing travel stains, Mr. Bryan drove to the hotel apartment of Norman E. Mack, chairman of the national committee. The colonel dined with Chairman Mack. At the hotel Mr. Bryan was met by a large number of newspaper men. He was asked questions in every conceivable form, but he would not discuss candidates, contests, presidential primaries, or any of the matters pending before the committee. He gave the newspaper men some news, however.

"My name will not be on the Nebraska ballot," he said. "I have noticed that Col. Roosevelt states that he cannot prevent his friends from placing his name there. Well, a man who has not been president may possess some power a man who has been president has lost."

INJUNCTION BROUGHT NO GAS

Atchison's Attempt to Get Increased Pressure Was Without Result—Ottawa More Fortunate.

Atchison, Jan. 8.—A temporary injunction compelling the Kansas Natural Gas company to maintain a 10-pound pressure at its reducing station here was granted by Judge W. A. Jackson of the district court. Half an hour later Sheriff Taylor served the papers on William Loving, superintendent of the station.

But instead of turning on a 10 pound gas pressure Loving communicated the injunction news to his superiors over the long distance telephone. That was all.

The injunction was brought by John Dawson, attorney general. B. M. Stuntz, district superintendent for the Natural Gas company, declares a higher pressure cannot be turned on.

Ottawa, Kan., Jan. 8.—Temperature at 17 degrees below zero was the reason W. T. Wood, mayor of Ottawa petitioned C. A. Smart, district judge for a temporary injunction compelling the Kansas Natural Gas company to raise the pressure. Judge Smart issued the injunction. When the injunction was served at 10 o'clock the pressure immediately increased from half a pound to the normal of 17 pounds.

Kansas Navigators Stranded.

Concordia, Kan., Jan. 8.—Henry Olsen, wife and three children, the oldest being four years, are stranded near here on the Republican river. They left Custer county, Nebraska, on a rude raft and expected to reach Texas in a few weeks. The condition of the river and the lack of food for his family caused him to abandon his trip and put his tent on the banks of the river. The temperature is 15 degrees below zero.

Must Not Bar Army Uniform.

Washington, Jan. 8.—It cost the proprietor of a skating rink at Prescott, Ariz., just $100 to deny admittance to army officers in khaki uniform. The attorney general has informed the war department that the district attorney at Tucson prosecuted this man, and upon his plea of guilty the fine was imposed. A similar case, which occurred at Tombstone, Ariz., is about to be prosecuted.

Crawford, V. C.; R. L. McDougal, K. of R. S.; Charles Hyslop, prelate; C. E. Signs, M. of F.; W. C. Pierce, M. of E.; Peter Mergen, inner guard; John Curnutt, outer guard; J. L. A number of lively responses were given by Captain Hyslop, Rev. Claud John Miller, W. H. Crawford, Prof. E. L. Harrington, R. L. McDougal, Mayor A. S. Robey, E. L. Bennett, John Aley, C. Ed Signs, Ed Dale, John Richey. Alex McPhail of Maitland, the oldest member, was present, and has never missed a banquet.

Three Hundred Proposals.

"I received more than 300 proposals of marriage in my mail this morning," remarked a sedate and elderly gentleman to his wife, whom he was entertaining at luncheon down town the other day. The white-haired lady gasped. "Don't be alarmed, my dear," her husband went on. "It was only a thick little pink pamphlet from a town in Michigan. It was sent by a man who calls himself the "Cupid" of that state. It contained the descriptions of innumerable women who want to marry. I don't know why it was sent to me—probably just an arrow shot in the air. Judging from the catalogue of aspirants for my hand the marriage market is overstocked with widows just now. The oldest I noticed was 75, and the youngest 17. Delicate way for women to propose, eh?"

A Window Washer's View.

A window washer was called upon one day to clean the windows of a business concern on the nineteenth floor of a skyscraper in lower Broadway, New York. The cleaner paused in wonderment as he passed through the lines of typewriter operators as they clicked off their correspondence and went to the window and fastened the two straps dangling from his belt to hooks at the side of the window frame. He cast another surprised glance at the men operating the typewriters, and as he swung outward over the dizzy height, his weight sustained by the slender straps, he muttered:

"It's mighty odd how some people do make their living in this world, anyway!"

ELECTRIC CHAIR FOR RICHESON

The Preacher-Murderer's Confession Leaves But One Alternative

TO ASK INSANITY COMMISSION

Attorneys Opposed Admission of guilt by Pastor—Noted Alienist Says He is Not and Never Was Insane.

Boston, Jan. 8.—Death in the electric chair, confinement in an asylum or imprisonment for life are the three fates that confront the Rev. Clarence V. T. Richeson.

Richeson's confession that he murdered Miss Avis Linnell removes, of course, all chance that the pastor will go free. It is almost as certain that he will not go to the penitentiary for life. That reduces Richeson's future prospects to death or confinement in an asylum.

The only penalty in Massachusetts for first degree murder is death in the electric chair. There is no alternative of life imprisonment. The only possibility of escape from the death penalty lies in a compromise with the prosecuting attorney which would admit of a plea of guilty of second degree murder, for which a life sentence could be given. The district attorney, Mr. Pelletier, says no such compromise has been or will be agreed upon. Pelletier said:

"The poisoning of Avis Linnell is murder in the first degree. You cannot make it anything else. I have no discretion to accept less than a plea of guilty of murder in the first degree. Under no consideration would I permit that man to enter a plea in the second degree or for manslaughter."

The attorneys for Richeson probably will ask for the appointment of an insanity commission which shall inquire into the preacher's mental condition.

It has just become known here that Richeson is alone responsible for his confession. He told his attorneys he was going to confess and resisted all their efforts to dissuade him.

New York, Jan. 8.—According to Dr. Carlos F. MacDonald, one of the most famous alienists in this country, in his opinion, given immediately following Richeson's act of self-mutilation, said Richeson was not insane at that time, nor, in his opinion, at the time he poisoned the girl. The alienist further said Richeson was not a man to be actuated by a high sense of duty, but, on the contrary, his motives were the satisfaction of desire and the preservation of his life and reputation.

Springfield, Mo., Jan. 8.—Andrew J. Murray, 55 years old, was almost instantly killed when a part of the roof of the Frisco roundhouse caved in on him. Murray is survived by a widow and married daughter.

Carthage, Mo., Jan. 8.—An overheated furnace caused a fire in the Ramsay department store here and the entire stock, valued at $50,000, was almost a total loss. The loss above insurance will be about $20,000.

Smallpox in Iowa.

Ladyard, Ia., Jan. 8.—Fifty cases of smallpox are reported in a district eight miles north of here. The malady got thoroughly spread before the nature of the disease was known. One man is dead and several are in a serious condition.

NORMAL TEAM WON

FROM ROCKPORT HIGH SCHOOL TEAM SATURDAY NIGHT.

THE TRIP TO ROCKPORT

Over "The Peanut Roaster" Was Quite a Novelty to the Boys—What They Think of It.

Some of you citizens who grouch about local railway accommodations should make the trip that the Normal basket ball squad made Saturday in order to reach Rockport, where they met the Rockport high school team Saturday night. Unless the reader has ridden on the "slow train through Arkansas" or on the "peanut roaster," as the train is called which "runs" between Langdon and Rockport, he cannot appreciate the novelty and amusement the trip afforded which the boys took. "The peanut roaster" which conveyed the basket ball warriors from Langdon to Rockport is composed of a combined passenger coach and express car and a number of "side door" Pullman's," which are drawn by a little wheezy engine, whose feeble puff, puffs resemble the sound of the whistle on a peanut roaster, hence the name. Directly over the door at one end of the passenger coach was a notice, a work of art by the conductor no doubt, which reads: "If your wife or mother allows you to spit on the floor at home, you may do so here." However, at the other end of the spacious apartment was a sign in the same artistic hand writing: "Ten dollars fine for spitting on the floor."

The journey to the scene of the conflict was without incident, however, until the train was within about two miles of its destination. At that juncture the coupling between the engine and the rest of the train broke and the passengers were left out in the wilderness with the temperature at 10 degrees below zero. The engineer, who, by the way, is an ardent admirer of the late Casey Jones, drove his engine on its way rejoicing, unaware of his loss. Had not a hunter flagged the engine at the next cross-roads to beg the loan of some "terbaccer," the engineer wouldn't have discovered his loss until the engine reached the station. Realizing that he had lost his passengers and that he might lose his job, the engineer chugged his engine back to the scene of the accident. Matters were soon repaired, and in due time the boys reached Rockport.

The game which took place on the skating rink floor was a battle royal. The first half was a romp-away for the teachers, that period ending 20 to 9. But in the second half the Rockport boys played a much faster game, and came near tieing the score. The final result was 33 to 25 in the Normals' favor. On the offensive, Vandersloot was the star performer. He chipped in seven field goals. Both Taylor and V. Seymour starred on the defensive. The Normals would have won by a much larger score had they not been handicapped by the illness of H. Seymour. He played the entire game, but was in very poor physical condition.

The squad returned Sunday night on the Wabash. Those who made the trip were Coach V. I. Moore, K. Taylor, F. Vandersloot, V. and H. Seymour and L. Perrin.

Returned From Jefferson City.

Lieutenant Paul Sisson, Captain Cook, Lieutenant Ezra Phipps and Lieutenant Bert Charles returned Sunday night from Jefferson City, where they attended the governor's ball and reception in honor of the military men of the state.

MRS. J. SHANKS SHOT

TWO LITTLE BOYS PLAYED WITH SHOTGUN THAT WAS LOADED.

HER LEG WAS AMPUTATED

Dr. Hunterson of Ravenwood, Assisted by Dr. Vilas Martin, Removed Leg Three Inches Below the Knee.

Mrs. John Shank, wife of a well known farmer living eight miles east and two miles north of Maryville, received the contents of a loaded shell from a shotgun in one of her legs Saturday afternoon about 3 o'clock, while her two little boys were playing with the shotgun.

Dr. Hunterson of Ravenwood was summoned, and he called Dr. Vilas Martin of Maryville to his assistance. It was found necessary to amputate her leg about three inches below the knee. Mrs. Shank has recovered from the shock nicely, and her physicians believe she will get along all right.

Mr. Shank had been out hunting rabbits on Saturday, and on returning had set the gun into the house, and it was placed in one corner of the kitchen. Mrs. Shank was busy with her household duties and did not know that the gun was loaded. Her two youngest little boys took the gun and were playing hunting rabbits when the gun was discharged with the result given. Mr. and Mrs. Shank have a family of seven young children, the oldest 14 years of age, and the youngest 1 year old. It was indeed a sad accident, but the family and their friends are thankful it did not result in the death of the mother.

WILL PROBABLY BE A CANDIDATE

It is probable that Nodaway county will have a candidate for the Democratic nomination for state senator from this district. For several months many friends of Hon. Anderson Craig, representative from this county, have urged him to make the race for senator. Mr. Craig has had the matter under advisement without coming to a definite conclusion, but it is probable that he will finally consent to become a candidate. He served in the last legislature with distinction and was rated as one of the most valuable members, notwithstanding the fact that that it was his first term. Mr. Craig is well situated to make the race and to assume the duties of a state senator. He has the ability, the education and the judgment needed to properly equip him. He has the interests of the general public at heart and, being a large farmer, with no other active interests to demand his attention, he has the time and can afford to make the race and give the proper attention to the office which in itself is not profitable. It is not yet known whether there will be other candidates for the nomination. Several have been mentioned, but up to this date there have been no announcements. If Mr. Craig decides to get into the race, it goes without saying that he will be a strong and formidable candidate.

Garrett and daughters, Misses Lou and Jennie Garrett, entertained their family with a 6 o'clock dinner Friday evening, complimentary to Mrs. Garrett's daughter, Mrs. Harry Foster, and her daughters, Mary and Margaret, of Charlton, Ia., who left for their home Monday, after a two weeks' visit with their relatives here. Garrett and children, Arthur and Gertrude; Mr. and Mrs. Frank Garrett, Mrs. Nellie Airy and daughters, Golda and Neva, and Mr. Milton Garrett.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Maryville People Know How to Save It.

Many Maryville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers.

The following statement leaves no ground for doubt:

Mrs. W. M. Newman, Chestnut street, Savannah, Mo., says: "Doan's Kidney Pills have been of more benefit to me than any other kidney remedy I have ever used, and in view of this fact, I willingly recommend them. I was caused much suffering from pains in my shoulders, and mornings, on arising, I felt tired and languid. I was also bothered by difficulty with the kidney secretions. Hearing Doan's Kidney Pills highly spoken of, I got a box, and soon after beginning their use I was relieved. Another member of my family has also taken this remedy with satisfactory results."

A Plain Talk About Our Annual Clearance Sale

Twice each year we hold Clearance Sales. *Only* at these times do we offer wide-spread reductions vitally concerning every portion of this store. Clearance Sales hold an important place in our business---they are held for the purpose of reducing stocks, cleaning up odd merchandise and generally getting in shape for the coming season's business and, therefore, we feature them strongly, principally by means of *greatly reduced prices.*

This Clearance Sale is no exception. Prices are, as a general rule, as low, *and in many cases lower,* than at any other Clearance Sale. This is accounted for by the fact that we have allotted ourselves only *seven days* in which to reduce stock. Seven days is a very short time and we realize that we must put prices to a new level in order to get results quickly.

Immediately after the Clearance Sale comes inventory. Every piece of goods must be measured and every article counted. The more we can sell now the less we shall have to count and the better is our showing for the year. This Clearance Sale is our *outlet;* we make the best possible use of it. *Every* section of this store offers its host of bargains. Stock *must* be low.

The Clearance Sale *continues* all of this week. It is *by all odds* the most important sale of the year. Every need can be supplied with serviceable merchandise at a *fraction* of its real value. The buying power of a dollar is increased by *a third, a fourth* and in many cases by *a half.* Buy everything you need now—*this week.*

The Sensible Overnight Remedy for Sensible People.

After you have upset your stomach with pills, powders and vile nostrums and still retain possession of that terrible cold, do what thousands of sensible people are doing. Do this:

Into a bowl three-quarters full of boiling water pour a scant teaspoonful of Hyomei (pronounce it High-o-me), cover head and bowl with a towel and breathe for five minutes the soothing, healing vapor that arises.

Then go to bed and awake with a clear head in the morning. Hyomei does not contain opium, cocaine or any harmful drug. A bottle of Hyomei Inhalent costs 50 cents at the Orear-Henry Drug company and druggists everywhere. Guaranteed for catarrh, asthma, croup and catarrhal deafness.

Miss Frankie Masters went to Pickering Saturday to visit Mrs. H. A. Norberry of St. Joseph, who is now the guest of her parents, Mr. and Mrs. William Shopbell.

Mrs. G. L. Jackson and daughters returned to St. Joseph Monday, after a several days' visit with H. G. Barton and family of South Buchanan street.

Jealous Husband tonight. The Fern.

Case in Probate Court.

Owing to a defect in the record, a jury was summoned in Judge Conn's office this afternoon to correct such error in the case of LeRoy Williams and Robert O. Williams, two insane people. Robert O. Williams was sent to the asylum at St. Joseph about twenty years ago as a county patient, and LeRoy Williams is living in Mound City under the care of a guardian. The two Williamses formerly lived near Graham and are remembered there.

U. S. DESTROYER TERRY IN TROUBLE

Severe Storms Along Atlantic Coast Cripple Shipping.

TWO SEAMEN SWEPT OVERBOARD

War Vessels Rush to Rescue of Crippled Steamer—Schooner and Crew, Helpless Since Friday, Towed Into Port.

New York, Jan. 8.—Wireless messages indistinctly received here reported the United States torpedo boat destroyer Terry in trouble. The vessel's position was given as a little northeast of Cape Hatteras. The vessel was in communication with the steamer Tagus and the battleship South Carolina. No other details were received here.

Further wireless advices from vessels in communication with the Terry were to the effect that the destroyer's turbine engines and pumps were out of commission, that all her stores were ruined and her wirelss apparatus not working.

Washington, Jan. 8.—When the navy department learned that the torpedo boat destroyer Terry was in distress, the powerful wireless station here flashed out orders for all United States war vessels to steam at once to the little craft's assistance. Special instructions were given to the commander of the transport Prairie at Norfolk, Va., to sail at once in the search and a wirelss message was sent intercepting the crippled scout cruiser Salem, which was turned back in the quest.

The Terry carries a crew of three officers and 83 men.

Several vessels of the Atlantic fleet, en route from Norfolk to Guantanamo, suffered severely in the Northwest gale which raged off the Middle Atlantic coast. The Salem was badly damaged and was returning under convoy, to the Norfolk navy yard for repairs.

Taylor Bagwell, ordinary seaman, and Herman Goldstein, seaman, were swept overboard and drowned.

Baltimore, Md., Jan. 8.—After having lighted their last signal torch and given themselves up for lost, Capt. C. W. Harrison, and his crew of three men were rescued by a passing schooner off Hooper's island from the disabled schooner Eloise, from Newburg, N. C., for Baltimore. The four men had fought the storm since Friday night without food and at the mercy of the high running seas. They were put ashore at Hooper's island.

The wrecked schooner was picked up by the revenue cutter Apache and towed into Hooper's island inlet and the story of the suffering and rescue came to Baltimore by wireless telegraph from the operator on the Apache.

LAST OF ROCHEPORT TOLL ROAD

New State Highway Causes Abandonment of Turnpike Used Since 1867.

Columbia, Mo., Jan. 8.—The building of the cross-state highway means the end of one of the few remaining toll roads in Missouri. In Boone county the route of the highway is over the Rocheport Gravel, a road of 12 miles, on which toll has been collected since 1867. If the directors of this road cannot sell it to the county it will have to be abandoned for no toll can be collected on the state highway and the commissioners of the state road will build adjoining it.

The directors of the road have offered it to the county for $5,775, a valuation, they say, of 50 cents on the dollar. The road was bought from the county 34 years ago for $11,556. The county had previously spent more than $3,000 a mile in building it.

When this toll road is abandoned there will still be two thoroughfares in the county where toll is collected for their upkeep. The only other roads of a similar kind are in the southeastern part of the state.

LOAN SHARK TO WORK OUT FINE

Wisconsin Judge Refuses Cash Payment and Millionaire Must Pay in Labor.

Milwaukee, Jan. 8.—Lawrence Murphy, millionaire loan broker, drank coffee from a tin cup and partook of coarse food with 100 other prisoners in the municipal workhouse instead of at his residence in fashionable Edgewood Place.

Murphy will continue to work for 90 days as a result of his sentence for usury. The alternative of paying a fine was not granted by the judge who said in sentencing Murphy:

"The jury has found that on a $63.50 loan you charged $175 interest and in addition you held ten $15 notes, equal to $150, and a chattel mortgage on the household furniture of Michael G. Litscher for $180, making a sum total of $406. A prison sentence will stop this kind of business."

The millionaire "loan shark" was hurried into a patrol wagon with a number of vagrants and taken to prison to commence his term. The victim was a locomotive engineer.

HOTEL FIRE AT EXCELSIOR

BLAZE DESTROYS SNAPP'S AND THREATENS OTHERS.

Guests Lost Clothing and Personal Effects, But all Escaped—Fire Hydrant Frozen.

Excelsior Springs, Mo., Jan. 8.—Snapp's hotel, the largest in Excelsior Springs, was destroyed by fire. Mrs. M. W. Anthony of Kansas City, a guest, fell from the fourth floor when she attempted to descend on a rope. Her right arm and right leg were broken, but she is expected to recover. Her fall was broken by electric light wires. Mrs. Anthony's young daughter descended to safety just before her mother fell. Her hands were burned by the rope and she suffered from nervous shock.

There were about 45 guests in the house and all have been accounted for. Most of the guests lost their personal effects and some did not even take time to dress, escaping in their night clothes. The fire started from the big fireplace in the lobby at 2:40 o'clock. Clyde Gustine, night clerk, smelled smoke and turned in the alarm, then aroused the guests.

The fire burned under the tile floor until it reached the elevator shaft, when it quickly spread to the upper floors. The firemen quickly laid a line of hose into the hotel, but the hydrant was frozen and they were helpless. When the fire got beyond control an appeal for aid was sent to Kansas City, but this was countermanded.

Hard work was necessary to save the Royal hotel, across the street. The window sash were on fire time and again, but men were stationed in every room and quickly put out the fire. A small frame house not more than ten feet from the Snapp escaped the flames.

The loss is estimated at $100,000, with about $75,000 insurance. The Snapp was opened four years ago last June. It was four stories in front and five in the rear, and contained 82 guest rooms. Mr. and Mrs. J. W. Snapp owned the building and the Dilley Hotel company owned the furniture and lease.

JURY TRIALS FOR JOINTISTS

Assistant Attorney General Johnstone Will Try to Get Convictions at Leavenworth.

Leavenworth, Kan., Jan. 8.—Jerry Johnstone, assistant attorney general for Leavenworth, is going to try to get convictions in some of his liquor cases by jury trial at the January term of the district court. Few cases that have been tried by jury here in the last few years have resulted in convictions.

"They say you can't get a conviction in a liquor case by jury trial," Johnstone said. "That's what they said in Crawford and Cherokee counties, but we did it."

In the case of Richard L. Igel, a druggist, whose store and residence were searched in a recent raid, Judge Wendorff sustained Johnstone's actions in searching Igel's residence and ordered that the whisky seized be destroyed.

Judge Wendroff said that he believed the liquor had been kept by Igel for illegal purposes. Johnstone argued, in this case, that druggists had no right to use intoxicating liquors in compounding prescriptions.

Maust Files Poverty Plea.

Guthrie, Ok., Jan. 8.—Charles Maust, the federal prisoner held for trial for murder as Ben Cravens, the Oklahoma outlaw, filed a poverty affidavit with Judge Cotteral and through his attorney, Al Jennings, made application to have the United States subpoena and pay his witnesses. This was ordered by Judge Cotteral.

SAGE AND SULPHUR.

Darkens the Hair, Gives Color and Luster to Faded and Gray Hair.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Mrs. Mary Martin returned to her home in Hopkins Saturday, from a visit with relatives in Parnell.

LA FOLLETTE AND BRYAN CONFERRED

Meeting Starts Busy Tongues Talking of Third Party

BRYAN HURRIED TO HIS HOTEL

Refuses to Discuss Candidates, Contests or Primaries, But Says His Name Will Not be on Nebraska Ballot.

Washington, Jan. 8.—Col. William Jennings Bryan of Nebraska and Senator Robert M. La Follette of Wisconsin had a conference at the Union station upon their arrival in the city, Mr. Bryan from the South and Mr. La Follette from the West. The meeting was said to be accidental.

No sooner was it known that the progressive leaders of the two parties had come together than tongues began to wag and third party talk flew thick and fast about the hotel corridors. It was not wholly confined to members of the Democratic national committee who were gathered in Washington, but Republicans, too, showed a lively interest.

Shortly before 6 o'clock the Nebraskan's train arrived. Many prominent Democratic leaders were at the station. After hand-shakings all around Mr. Bryan sighted Senator La Follette, or, to be exact, they seemed to sight each other at about the same time. They rushed toward each other and shook hands, and then lost no time in withdrawing a short distance from the crowd. They sat down on a bench and conversed with evident earnestness for several minutes.

When Mr. Bryan and the senator parted there was another show of good feeling. Mr. Bryan then explained tersely that Senator La Follette and he had talked about the resolution pending in congress providing for the election of senators by popular vote. Senator La Follette gave the same explanation by telephone, but in the minds of some there remained a little skepticism.

It was reported that Senator La Follette had gone to the station to meet Mr. Bryan.

After removing travel stains, Mr. Bryan drove to the hotel apartment of Norman E. Mack, chairman of the national committee. The colonel dined with Chairman Mack. At the hotel Mr. Bryan was met by a large number of newspaper men. He was asked questions in every conceivable form, but he would not discuss candidates, contests, presidential primaries, or any of the matters pending before the committee. He gave the newspaper men some news, however.

"My name will not be on the Nebraska ballot," he said. "I have noticed that Col. Roosevelt states that he cannot prevent his friends from placing his name there. Well, a man who has not been president may possess some power a man who has been president has lost."

INJUNCTION BROUGHT NO GAS

Atchison's Attempt to Get Increased Pressure Was Without Result—Ottawa More Fortunate.

Atchison, Jan. 8.—A temporary injunction compelling the Kansas Natural Gas company to maintain a 10-pound pressure at its reducing station here was granted by Judge W. A. Jackson of the district court. Half an hour later Sheriff Taylor served the papers on William Loving, superintendent of the station.

But instead of turning on a 10 pound gas pressure Loving communicated the injunction news to his superiors over the long distance telephone. That was all.

The injunction was brought by John Dawson, attorney general. B. M. Stuntz, district superintendent for the Natural Gas company, declares a higher pressure cannot be turned on.

Ottawa, Kan., Jan. 8.—Temperature at 17 degrees below zero was the reason W. T. Wood, mayor of Ottawa petitioned C. A. Smart, district judge, for a temporary injunction compelling the Kansas Natural Gas company to raise the pressure. Judge Smart issued the injunction. When the injunction was served at 10 o'clock the pressure immediately increased from half a pound to the normal of 17 pounds.

Kansas Navigators Stranded.

Concordia, Kan., Jan. 8.—Henry Olsen, wife and three children, the oldest being four years, are stranded near here on the Republican river. They left Custer county, Nebraska, on a rude raft and expected to reach Texas in a few weeks. The condition of the river and the lack of food for his family caused him to abandon his trip and put his tent on the banks of the river. The temperature is 15 degrees below zero.

Must Not Bar Army Uniform.

Washington, Jan. 8.—It cost the proprietor of a skating rink at Prescott, Ariz., just $100 to deny admittance to army officers in khaki uniform. The attorney general has informed the war department that the district attorney at Tucson prosecuted this man, and upon his plea of guilty the fine was imposed. A similar case, which occurred at Tombstone, Ariz., is about to be prosecuted.

Crawford, V. C.; R. L. McDougal, K. of R. S.; Charles Hyslop, prelate; C. E. Signs, M. of F.; W. C. Pierce, M. of E.; Peter Mergen, inner guard; John Curnutt, outer guard; J. L. A number of lively responses were given by Captain Hyslop, Rev. Claud John Miller, W. H. Crawford, Prof. E. L. Harrington, R. L. McDougal, Mayor A. S. Robey, E. L. Bennett, John Aley, C. Ed Signs, Ed Dale, John Richey. Alex McPhail of Maitland, the oldest member, was present, and has never missed a banquet.

Three Hundred Proposals.

"I received more than 300 proposals of marriage in my mail this morning," remarked a sedate and elderly gentleman to his wife, whom he was entertaining at luncheon down town the other day. The white-haired lady gasped. "Don't be alarmed, my dear," her husband went on. "It was only a thick little pink pamphlet from a town in Michigan. It was sent by a man who calls himself the "Cupid" of that state. It contained the descriptions of innumerable women who want to marry. I don't know why it was sent to me—probably just an arrow shot in the air. Judging from the catalogue of aspirants for my hand the marriage market is overstocked with widows just now. The oldest I noticed was 75, and the youngest 17. Delicate way for women to propose, eh?"

A Window Washer's View.

A window washer was called upon one day to clean the windows of a business concern on the nineteenth floor of a skyscraper in lower Broadway, New York. The cleaner paused in wonderment as he passed through the lines of typewriter operators as they clicked off their correspondence and went to the window and fastened the two straps dangling from his belt to hooks at the side of the window frame. He cast another surprised glance at the men operating the typewriters, and as he swung outward over the dizzy height, his weight sustained by the slender straps, he muttered:

"It's mighty odd how some people do make their living in this world, anyway!"

ELECTRIC CHAIR FOR RICHESON

The Preacher-Murderer's Confession Leaves But One Alternative

TO ASK INSANITY COMMISSION

Attorneys Opposed Admission of guilt by Pastor—Noted Alienist Says He is Not and Never Was Insane.

Boston, Jan. 8.—Death in the electric chair, confinement in an asylum or imprisonment for life are the three fates that confront the Rev. Clarence V. T. Richeson.

Richeson's confession that he murdered Miss Avis Linnell removes, of course, all chance that the pastor will go free. It is almost as certain that he will not go to the penitentiary for life. That reduces Richeson's future prospects to death or confinement in an asylum.

The only penalty in Massachusetts for first degree murder is death in the electric chair. There is no alternative of life imprisonment. The only possibility of escape from the death penalty lies in a compromise with the prosecuting attorney which would admit of a plea of guilty of second degree murder, for which a life sentence could be given. The district attorney, Mr. Pelletier, says no such compromise has been or will be agreed upon. Pelletier said:

"The poisoning of Avis Linnell is murder in the first degree. You cannot make it anything else. I have no discretion to accept less than a plea of guilty of murder in the first degree. Under no consideration would I permit that man to enter a plea in the second degree or for manslaughter."

The attorneys for Richeson probably will ask for the appointment of an insanity commission which shall inquire into the preacher's mental condition.

It has just become known here that Richeson is alone responsible for his confession. He told his attorneys he was going to confess and resisted all their efforts to dissuade him.

New York, Jan. 8.—According to Dr. Carlos F. MacDonald, one of the most famous alienists in this country, in his opinion, given immediately following Richeson's act of self-mutilation, said Richeson was not insane at that time, nor, in his opinion, at the time he poisoned the girl. The alienist further said Richeson was not a man to be actuated by a high sense of duty, but, on the contrary, his motives were the satisfaction of desire and the preservation of his life and reputation.

Carthage, Mo., Jan. 8.—An overheated furnace caused a fire in the Ramsay department store here and the entire stock, valued at $50,000, was almost a total loss. The loss above insurance will be about $20,000.

Smallpox in Iowa.

Ladyard, Ia., Jan. 8.—Fifty cases of smallpox are reported in a district eight miles north of here. The malady got thoroughly spread before the nature of the disease was known. One man is dead and several are in a serious condition.
